Hot Chocolate Cake Mix

This cake mix is our favorite. The hot chocolate mix gives it just enough chocolate flavor. We like to put the mix in an air-tight storage container and just measure out how much we need.

Ingredients:

½ c. Sugar 1 Packet Hot Chocolate Mix

¾ c. Flour ½ t. Baking Soda

¼ t. Salt 3 T. Shortening

- 1. Combine all ingredients.
- 2. Store mix in an air-tight container.
- 3. To prepare cake, mix 1/3 cup mix with 5 teaspoons water.
- 4. Bake for 15 minutes.
- 5. Frost cake with Hot Chocolate Frosting and serve.
